Special MIS Update

1. *Visits that are occurring virtually and meet all the requirements of a home visit (including CHEERS) may now be counted as in-home visits. This will allow programs to achieve their home visit completion rate once you take the family off level TR.*
 - a. The MIS has updated the Home visiting log Type of visit by adding *COVID-19 Virtual Visit* to option #3. See the image below:

Type of Visit (check all that apply)

- ☐ 1. In Primary Caretaker 1's home, where TC resides
- ☐ 2. In Father Figure's/OBP's home, where TC resides
- ☒ 3. In other location/home, where TC resides, e.g. hospital-extended stay, grandparent or guardian's home **COVID-19 Virtual Visit**
- ☐ 4. Attempted - Family not home or unable to meet after visit to home(DO NOT complete rest of the Home Visit Log)
- ☐ 5. Outside of PC1's or Father Figure's/OBP's home

Families who are ready to come off level TR *can be moved to the previous level*. If visits continue to be virtual, the *Type of Visit can be recorded as option #3*.

More updates and information on virtual and out of home visits will be coming soon.
