## INFORMATION

**Purpose:** Contains research pertaining to the HFNY model, contact information for Central Administration staff and all HFNY programs and calendar for PCANY trainings. Has an internal database of resources for FSSs/FRSs/Supervisors & PMs within the network.

**How to Access:** to access the [HFNY Network](#) section of the website, contact a member of Central Administration for the password.

**Purpose:** Database where all family information is entered and stored (i.e. narratives, data forms). Reports can also be run re: Program Targets and Indicators

**How to Access:** Program Manager submits a ticket in the MIS asking for new user access with the person's name, valid work email, and role. Also, ensure that staff read and sign the [MIS User Agreement form](#).

**Purpose:** HFAST stands for HFA Site Tracker. It's a web-based data system where sites report to the HFA National Office about the site, the staff, and the families served. It's also where we track trainings, affiliation, and accreditation. To complete the annual HFAST report use the "HFAST" report in the MIS to retrieve the data you need.

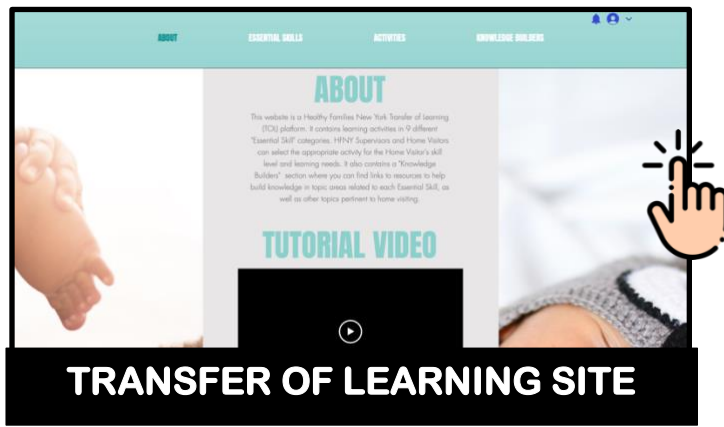

**How to Access:** See instructions on [how to access the site](#) as well as instructions on how to [update staff and program information](#). You can also [download the manual](#).

**Purpose:** Contains information re: HFA model and approach. Houses resources for Healthy Families staff such as Stop Gap Training videos, HFA webinars, and HFA forms.

**How to Access:** to access [Network Resources](#) ensure you have [opted all staff in](#) to be granted access. Staff must then request a password to access Network Resources. Email Yomaira Molina for help at [hfamail@preventchildabuse.org](mailto:hfamail@preventchildabuse.org). **Note: ALL STAFF MUST BE REGISTERED IN HFAST TO BE ABLE TO RECEIVE AN HFA WEBSITE PASSWORD.**

## INFORMATION

**Purpose:** This website is a Healthy Families New York Transfer of Learning (TOL) platform. It contains learning activities in 9 different "Essential Skill" categories. HFNY Supervisors and Home Visitors can select the appropriate activity for the Home Visitor's skill level and learning needs. It also contains a "Knowledge Builders" section where you can find links to resources to help build knowledge in topic areas related to each Essential Skill, as well as other topics pertinent to home visiting.

**How to Access:** Sign Up for the site using your work email and a password you create
